# 2022 INSA CONFERENCE

3 DAYS . 6 GUEST SPEAKERS . UNLIMITED NETWORKING

## Making Waves to Advance School Attendance

INSA's yearly conference is an international, interdisciplinary event. This year it will be held in the Netherlands, in the charming coastal town of [Egmond aan Zee](#). Join us from October 5th to 7th at [Hotel Zuiderduin](#), a terrific venue for networking, relaxing, and learning about current initiatives and future plans to advance our collective work in the field of school attendance. The theme for the Conference is 'Making Waves to Advance School Attendance'. Find out more via the [conference website](#).

## Who needs to attend the 2022 Conference?

Anyone with a passion for school attendance and engagement. We welcome practitioners, educators, researchers, managers, policymakers, and advocates for youths and parents. Be inspired by three international keynote speakers, three invited speakers, young people, and contributors from around the world. Don't miss this opportunity to interact with others; engage in round table discussions, attend workshops, and visit the marketplace for practice and research.

## Share your work, your views, and your plans big and small

The Call for Contributions at INSA's 2022 Conference is open until May 20. Visit [the conference website](#) and surf to [Abstract Submission](#) for more information. Make your waves, bring your big ideas and the small ones too, sharing news and views on school attendance and absenteeism.

## Register early for this in-person gathering

There's much interest in the Conference and delegate numbers may need to be capped. Take advantage of Early Bird Registration (460 EUR), open until May 31st 2022. Full registration (570 EUR) thereafter. Discount of 10% for INSA Members and 20% for full-time students. Visit the [conference website](#) and click on register.

We look forward to welcoming you to this wave-making event,
